

ERGONOMOMIC EXPERTS

The **right rig, wheel and bearing** can have a **BIG IMPACT** on your business and employees!

For more than 60 years Albion has been committed to easing the load of moving products through your facility. Long before ergonomics was popular, we were developing casters and wheels to reduce fatigue, reduce repetitive motion and improve productivity.

We have accelerated efforts to develop casters that ease the effort needed to start a cart in motion or swivel while in operation. Also, we explore the latest materials technologies to deliver wheels that offer the best performance and the best ergonomic qualities.

Leading the way in Albion's efforts toward ergonomic excellence are our maintenance free **18 Series** (pages 36-37) and **68 Series** (pages 38-39), along with a variety of other rig and wheel combinations throughout our **Heavy Duty Kingpinless** lineup (pages 41-58). Our maintenance free casters reduce the effort needed to bring a caster in line by **over 30%** in contrast to conventional dual ball raceway kingpin casters – plus they **reduced noise by 15%!**

WORKPLACE SAFETY & COST SAVINGS

- ▶ PUSH/PULL EASIER
- ▶ TURN EASIER
- ▶ REDUCE NOISE
- ▶ BOOST EFFICIENCY
