Wheel Application Guide

Wheel Type	Carpet	Linoleum	Wood	Concrete	Tile
MonoTech	Good	Excellent	Excellent	Excellent	Excellent
Thermoplastic Rubber (TPR)	Good	Good	Good	Good	Good
Polyurethane (TPU)	Good	Good	Good	Excellent	Excellent
Soft Rubber**	Good	Good	Good	Good	Good
Hard Rubber**	Good			Good	
Polyolefin	Good			Good	Good
Vipor	Excellent	Good	Good	Excellent	Good
Pneumatic**	Good	Good	Good	Good	Good
No-Matic**	Good	Good	Good	Good	Good
Phenolic	Good			Good	
Glass Filled Nylon	Good			Good	
Cast Iron				Good	

^{*}Always consult your flooring manufacturer to determine the best wheel materials for your floor prior to use.

^{**}Some industrial rubber wheels may leave rubber residue on certain floor types, test prior to use.
